#### CELEBRATING EXCELLENCE

Since 2008, the Cayman Islands Institute of Professional Accountants' Annual Awards Gala has celebrated the budding accounting and finance careers of young people in the Cayman Islands. Please join us this year as we honour Caymanians and permanent residents for achieving milestones in their careers, including earning their bachelors, masters and professional designation. Additionally, we will present awards to recognise a Rising Star within the profession, an Outstanding Member of CIIPA, and a Pioneer for making a lasting impact in the financial services industry in the Cayman Islands (based on nominations received).
